

PRINT COMPETITION INFORMATION**FRAMING COMPETITION**

Once again the EPFG is sponsoring a **framing competition** as part of the annual Education Festival. This is an **opportunity** for you to show off your best creativity and technical skills. As evidenced by the entries of the past years, talent abounds in our area. Read the adjoining article about this year's "print".

Please note that your entry's **size** cannot exceed 24" x 24" at the outside of the frame, and it should have hardware for hanging, but **no** shop information or names on the back of the piece.

Cash **prizes and ribbons** will be awarded for 1st, 2nd, 3rd and Popular Choice.

Entries may be individual or a combined shop entry. Copies of the Judging, Criteria and Framing Description forms **must** be completed and are found on our web site, www.nwpictureframers.com, or contact Bob Holcomb, newsletter editor at 425-895-8822 or exafixer@yahoo.com.

The Framing Competition "Print"

This year's art for the Framing Competition is a limited edition serigraph with a NW Native American theme, done and donated by a local artist, Roger Purdue, who lives on Orcas Island. This would make a great piece to hang on your wall to show your customers what you can do. Just think, you could also win a prize in the Competition. That means money and a ribbon and an interesting item to hang on your store's wall and you could even sell this item! Now what could be wrong about that. Someone's going to win, why not you? Only a few pieces remain, so contact Lynn Clark to get your copy. Lynn can be reached at :
